LENGTH	SKU
0,5 m	NC-Core-Lock-0005
2 m	NC-Core-Lock-002
3 m	NC-Core-Lock-003
4,5 m	NC-Core-Lock-0045

Locking USB-C for fail-safe BYOD and pro AV.

Norrd CORE Lock USB-C is a full-spec professional cable for BYOD and AV installs where accidental unplugging is not acceptable. A locking USB-C connector on one end secures the link to docks, table modules or AV-boxes, while the other end stays standard for easy compatibility. It supports USB data up to 20 Gbps, DisplayPort Alt Mode video and Power Delivery up to 100W for fast charging. Rugged construction, e-marked electronics, and strain relief ensure stable performance. Perfect for meeting rooms, rental kits and any critical USB-C signal path.

KEY FEATURES

Key Features

- Locking USB-C connector prevents accidental unplugging
- Full-feature USB-C with high-speed data support up to 20 Gbps
- DisplayPort Alt Mode for 4K@60Hz video (device dependent)
- Up to 100W Power Delivery for reliable laptop charging
- Built for pro AV environments with durable strain relief
